## Testimonials

*"Ashley was very professional and worked on building rapport with my child before evaluating her. My daughter, who has social anxiety, felt very comfortable with Ashley, making it easier to evaluate her. Ashley tailored her assessments to meet the needs of my daughter and our family and took the time to discuss the results of the evaluation. I am grateful to her for her help."*

*"Her dedication to students and families is evident in how she empowers parents—educating them on available services, helping navigate school systems, and building bridges to foster meaningful, constructive relationships with educators and administrators. Ashley creates space for growth, trust, and advocacy, ensuring that families feel heard and schools are equipped with the understanding they need to support each student effectively."*

- Special Education Teacher

*"At the latest LAX Chamber of Commerce event, **Education Innovators Consulting**—led by Ashley Schwenn, was a highly attended event. Her interactive delivery not only showcased deep expertise in special-needs education but also fostered meaningful dialogue among attendees, igniting new ideas and strategies for classrooms and schools alike. Educators left feeling inspired, equipped with actionable insights, and renewed passion for empowering diverse learners."*
